

Carolina Country Club

Speeding Rules & Regulations

August, 2021

At the Board's request, American Security confirmed the speed of vehicles on Carolina Club Drive with radar tracking. In less than one hour, 140 vehicles were over the speed limit. Vehicle speeding ranged from over 40 MPH every two minutes and in many cases over 50 mph. Any speed 20 mph over the limit is considered reckless driving.

Speeding vehicles have infiltrated the side roads as well. This, as well as vendors under production pressure, are resulting in speeds which are making the roads unsafe to pull out of driveways, walk on, or even check the mail.

The Board has set the community speed limit at 15 mph unless otherwise posted. The speed limit on Carolina Club Drive is 30 MPH. The guards will remind visitors/vendors of our speed limits. A sign will also be installed upon entering the community stating Speed Limit 15 mph unless otherwise posted.

The CCCREOA Roadway and Parking Rules have been recorded at the register of deed's office per the Homeowners Association Act and are enforceable. A copy is located on our website. The fine per violation is listed. Property owners who speed or run stop signs or refuse to have a proper decal will receive a ticket in the mail from Cedar Management. Our roadways are patrolled by the Spartanburg Sherriff's Office. They are fully authorized to issue speeding tickets in conjunction with other enforceable offences.

Having OUR roads safer is the Board's objective.
