

**Carolina Country Club**  
**Rules for Roadways & Parking**  
**August, 2021**

Over the years many activities within our community were done as a matter of practice. For example, having a decal to identify you as part of the community. Another is driving the speed limit. But it is difficult to enforce a practice. Therefore, rules have to be stated and the consequence of not following them defined.

Establishing rules for our roads is permitted by our bylaws and attached are the rules for our roads passed by the Board at a December, 2018 meeting. These rules were influenced by our current bylaws, rules and regulations and benchmarked with another property owners' association. Decals/passes, security patrol, speed limit, stop signs, golf carts, bicycles, parking, motorcycle, contractor hours of operation, and solicitation rules are listed.

If a property is rented, the owners' expectations for their tenants are defined. The Owner/Tenant Form must be completed for the tenant to use Gate Sentry, Bar Code entry and a CCCREOA decal. The Owner/Tenant Form may be obtained through Cedar Management at **support@mycmg.com**.
